Nothing discussed.

Next Meeting Date/Time

Tuesday August 16th 9:30 a.m.

Animal Shelter Quarterly Report

2nd quarter report presented.

Dive Team Quarterly Report

2nd quarter report submitted. Any idea on how many members on currently on the dive team. Chief will get an updated list and email it to the LEC members. What are the committee's thoughts about having a Deputy who has interest in being part of the dive team be in charge of the Dive Team? Any idea of how the other dive team members feel about how the dive team is currently going? Currently have access to many resources. May consider establishing some kind of consortium/coop with surrounding areas for dive team such as La Crosse. La Crosse County Dive Team is through the Sheriff's Office. La Crosse dive team has many deputies, law enforcement and firefighters as members. Would be nice to be able to get fire department members to participate on the dive team. The expertise would really help the dive team be successful. Will talk with deputy and get more information on how the dive team is going, how many members there are and how many have left in the past year or so. Will review, discuss and retool potentially for 2017.

Divisional Reports

Written reports submitted. There seems to be an increase in the number of arrests that require the use of the side cell. May consider adding a 2nd padded cell. Sheriff and Chief found a COPS grant that is 75/25 to help with drug court. In writing/verbal to get a TAD grant to offset the 25% for the 3 years. After four years would need to fund 100%. Put in grant to make full time position for a treatment court compliance officer. At some point in the future the county will have to take a look at how much money we are willing to spend for this type of program. Preliminary discussions indicate interest in supporting this type of program to help keep families together and out of trouble down the road.

Patrol division and investigation division are working well together. There have been 4 major drug cases. We are keeping up with the CPS reports and have had positive resolutions on them.

Bailiff – looking at staffing the bailiff station 8-4:30 in the near future. Need to have security in both areas of the courts. Need a bailiff in the courtroom while court is going on and need someone to cover incoming people into the court. Corridor needs to be secure. Meeting with Judge this week to further discuss security plans.

Vouchers Payable

When it was time to move a monitor from dispatch to the new dispatch center we had to move the hardware and relocate it to the new dispatch center. Our IT department said they would not touch it. SGTS came to move it and we have a bill for \$1,001.40 Should the invoice be paid from SO budget or project budget? LE Committee says to turn it into Kyle to be paid from the project funds. We now have two different companies for the cameras/doors. We had SGTS and new is Stanley. The vendors won't integrate together and down the road may have maintenance and upgrade costs.

Inmate pharmacy bill seems to be on the rise.

2 ATVs are being leased. Had to pay for June and July on the green ATV.

Fed Coop new manager may not allow discount and patronage dividends both. May need to look at other options in the future for fuel.
